Szamotuły is located in the Wielkopolskie Lake District, in the lower section of the Warta river basin, on both sides of the Sarna river, 35 km north-west of Poznań - capital of Wielkopolskie Province. The location favours the town's and the commune's economic growth and tourism. It is located at a crossing of important transport routes, connecting the neighbouring towns: Poznań, Czarńków, Oborniki, Pniewy and Wronki. It is also the location of international roads running via A2 motorway and Frankfurt on Oder to Berlin, as well as Poznań - Szczecin railway line. Szamotuły has 18,480 inhabitants.

The town occupies an area of 10.11 km² (the commune: 175.1 km²). It is the main commercial, administrative, cultural and educational centre of the region. It is the seat of the County Starost Office and municipal/communal authorities. Szamotuły has valuable historical monuments, an extensive base of sports and recreation facilities, and a lot of green areas. With all these advantages, both the town and the commune present an attractive proposal for investors, traders and tourists, domestic and international.

The town and commune of Szamotuły have engaged in proactive cooperation with "partner towns" - since 1989 when the first official cooperation agreement was signed between Szamotuły and Gross-Gerau of Germany.

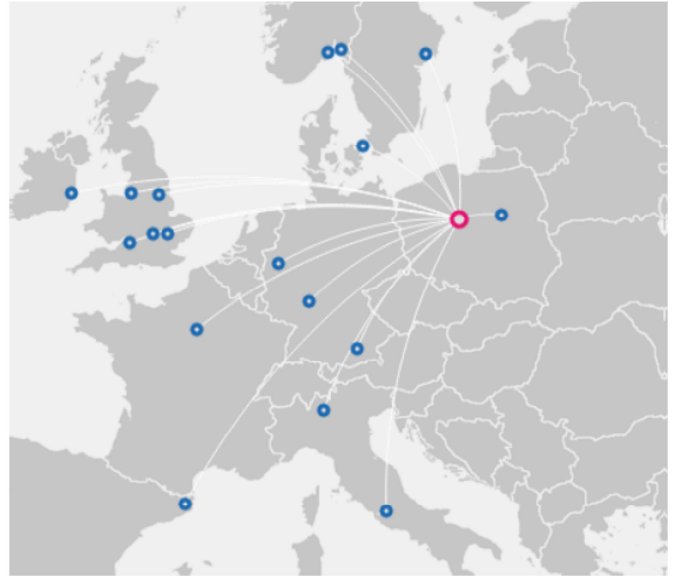

Signing an official partnership agreement with Germany gave our town access to a circle of partner towns: Gross-Gerau (Germany), Tielt (Belgium), Bruneck (Italy), Brignoles (France), which have been cooperating as partner towns since 1959.
